

WHITEPAPER

INTRODUCTION

Memecoins are under new management, by order of the Pepe Blinders.

"Those of you who are last will soon be first. And those of you who are downtrodden will rise up."

So what's it gonna be? You in or out?

So what's this all about then?

A Movement. Not a Coin.

We're crass. We're wicked. We're crude, but we won't take you for a fool. The meme space is now under the domain of the Pepe \$FOOKIN Blinders and we're looking for Pepe worshiping heathens to take into the fold. If your degeneracy and depravity are beyond salvation, we might have a spot for you.

Uncompromising and unwavering, PepeBlinders carries the heartbeat of the streets. Covid created uncertainty with everyone bunkering up and desperately yearning for any source of comfort and escape. Doge came in and saved the day with a cuddly face full of optimism fuelled by butterflies and rainbows.

Now with Covid mostly behind us, people are out and about.

Things are not better. They are changing-for the worse.

The decisions made during Covid with infinite relief and staggering spending by almost every government entity around the globe, the residual effect and fallout is being felt now. Rampant inflation along with the banking system is in tumultuous vacillation, the fundamental foundations are now being tested. Doge had its time, but the present moment calls for something that speaks to the frustrations and deep rooted skepticisms that have been boiling over and are ready to erupt.

Memecoins need new management. Unafraid to mix in the dirt and tears. Hardened by life's disappointments and filth. Broken and removed by its deceit. PepeBlinders is equipped to carry the torch and set a precedent for the way forward.

Enough with the niceties. Enough with the sugarcoating. Enough with putting a band-aid on a bullet wound. FOOK THAT!

COMMUNITY DRIVEN

We're slapping your future in your hands. No more leaving the big decisions to posh buggers.

You're in control now. The Pepe brotherhood stands together and tears down the disillusioned shoddy past. We're building a new landscape. Get in or weep from the sidelines.

TEAM

Team is chock full of memecoin punters. Bout to polish up the joint, so get in lads and make a few bob.

TOKEN SUSTAINABILITY AND UTILITY

Scalability and Flexibility:

You havin a laugh? This is crypto. There ain't no cer'ainty.

Don't expect daft utility that no one uses. Like we said before, we're giving you the reign. You get to decide the path and what the future holds. No more following cuddly cute canines to dead ends. The community as a whole decides what utilities will be added. No dirty politics pulling the wool over our eyes. You make the rules now. End of discussion.
